A. Definition of Terms

Adjourn:

To end the committee meeting.

Amendment:

The amendment must in some way still involve the same question that is raised by the motion to which it is applied. When a motion is made and seconded it belongs to the committee as a whole. Discussion should be limited to the amendment, not the motion being amended.

Amend by Substitution:

To alter a main motion by completely rewriting it while preserving its intent.

Amendment- Friendly:

Friendly Amendment made by original writer of a motion before it is seconded. If the chair senses there is no objection from the committee, the chair may accept the amendment by 'unanimous consent'. If any member objects, the friendly amendment will not be permitted, and a motion will be required.

Appeal the Decision of the Chair:

To challenge a decision the Chair has made about the rules or order. There will be one (1) pro and one (1) con to the motion. The maker of the motion will speak in favor of the motion and the chair will speak con if he/she wishes to oppose the motion

Call the Questions (vote):

To instigate a vote. Allows for only two (2) pros and two (2) cons during discussion. This vote must pass with a two-thirds majority in favor of stopping further discussion. This motion is not made to suppress information but rather expedite the proceedings.

Main Motion:

A main motion is an idea a committee member wants the committee to put into practice. It is a motion whose introduction brings business before the MBCNA Committee. Such a motion can only be made when no other motion is pending. A

main motion must be in writing, preferably on an MBCNA motion form and is to be submitted to the MBCNA chairperson.

Main Motion Affecting Guidelines or Policy:

These motions include, but are not limited to, changes in the MBCNA Guidelines, Subcommittee Guidelines, establishing new Subcommittees, and offering suggestions as to how Subcommittees conduct their meetings.

Order of the Day:

To make a committee return to its agenda if it gets onto another track.

Parliamentary Inquiry:

Some Members may be new to Parliamentary Rules & Procedures and can easily be confused. A Parliamentary Inquiry can be made by any member at any time if there is a need to ask a question pertaining to a parliamentary rule or procedure. This motion is not intended to ask questions pertaining to the content of a Main Motion or Main Motion affecting Guidelines or Policy

Point of Information:

To be allowed to ask a question about a motion being discussed, not to offer information.

Point of Order:

To request clarification of the rules of order when it appears they are being broken.

Recess:

To request a break for a specific amount of time. It permits any member may ask the chair to declare a recess. The chair may grant the request, put the matter up for vote, or decline the request.

Reconsider:

To reopen for debate a motion that has been previously passed. This is to take into account a motion that was passed hastily. It permits the correction of a motion accounting new information. It is not to be used for rehashing motions on which outcomes displeased an individual. This motion can only be made by an MBCNA member who voted on the prevailing side or a member who spoke on the prevailing side of the original motion. After the closing of the MBCNA meeting a motion can no longer be reconsidered; however, a new motion may be made at a following MBCNA Meeting. A motion may not be reconsidered more than once.

Refer to ASCs:

Send motion considered to have major significance to the ASC's for a vote. If passed, there will be 2 pros and 2 cons on the original motion so as to give information to the MBCNA Vice Chair representing their areas to bring back to their ASC's for a vote. In the event ASC votes are not consistent with each other, there will be a joint meeting of the area admin committees and MBCNA Representatives to reach a

consensus. If consensus cannot be reached, the motion will be considered failed.

Refer to Committee:

To halt debate and send the motion (or information) to Admin, an Ad-hoc committee, or a Subcommittee for discussion and or additional information. If a motion to refer is made, the purpose of the motion must be clearly stated.

Remove from the Table:

To resume consideration of a motion previously tabled before the time set.

Suspend the Rules:

To waive a certain MBCNA procedure. The motion will include the rule to be suspended and the length of time it shall be suspended.

Table:

To put off a motion for further consideration at a later date and time.

Unanimous Consent or Acclamation:

This is a method which allows the MBCNA Committee to move quickly through routine business or questions that have little or no importance. This is a less formal way of handling business and is an alternative to taking a vote on a motion. If the chairperson senses no opposition to a motion, they may state that the motion passes by unanimous consent or by acclamation. If there is no objection, permission is then granted from the body and business moves on. If a member objects, the matter will go to a vote as prescribed for the motion.

Withdraw:

After a motion is made and seconded it belongs to the MBCNA Committee as a whole and the maker must request the MBCNA's permission to withdraw. A request to withdraw may only be made by the maker of the motion. The 'withdrawal' may be treated by the chairperson as a 'unanimous consent' matter, that is, if there is no objection, permission is granted. If there is an objection, the chairperson automatically puts the request to vote, which is not debatable

Article VII. ATTENDANCE AND PERFORMANCE

- B. If a member misses two consecutive meetings or three meetings total during one convention period, the Chairperson will address the matter to the Committee for possible action.
